

Atlanta Jazz Festival

The annual Jazz Festival is a 31-day series of events featuring internationally celebrated jazz artists, which has included the likes of Miles Davis, Nina Simone, Hugh Masekela and Dr John. It claims to be the nation's largest free jazz festival, with jazz playing throughout the city at restaurants, clubs, museums, parks, churches and department stores, with a special focus on the three-day festival of performances in Piedmont Park at the end of the month over the Memorial Day weekend.
